

Norley Primary School Penny Trail

The PTFA are running a Penny Trail fundraising event this year on the 26th of October. Last year the children really enjoyed this fun event, it enabled them to work on their own and as part of a team to raise money for the school.

HOW IT WORKS.

Save up all your pennies (loose change). The children bring this in with them on the 26th of October (the last day of term) and create a trail around the school putting the coins end to end; the year with the longest trail wins a prize. The money is then collected and entered into the fundraising pot for the school library.

The Teachers and PTFA look forward to seeing the children engage with this event as not only is it a fun fund raiser, it also provides the opportunity for the children to practice their accountancy skills, their creativity in pattern building their trails and the measurement of lines using a surveyor's wheel – thus feeding back into the curriculum!
